

## 'SESA REKORDO' FINALLY ON LINE!

**THE MEN** now release their 6th album as [streaming and download](#). Click on the links here for some easy & groovy listening or for [booking](#) or [interviews](#),

[Sesa Rekordo](#) was released on CD only for friends and fans at the 20-year-anniversary at [Mejeriet, Lund Sweden](#) in March 2022. A few singles have been digitally released, though. But now the whole album is out on every streaming- and download-platform worldwide. Click around here for [songs](#) and [videos](#)!

During the Corona pandemic, instead of playing live, they started writing new songs. Recorded and mixed by **Amir Aly** in the new [Yla Studios](#). 12 songs signed **O Främby – S Köhler – J Kilenstam**. Chorus-strong poprock with roots in soul-blues-new wave-britpop. Heavier than before with more guitar, more keyboard, more drums, more bass and more vocals from Olof and Ola. More from Sven. More horns – when the whole hornsection from [Damn!](#) was invited. More [sitar](#), more [didjeridoo](#), more [musette](#). And a [piano ballad](#)! With lyrics about everything from [pep-talk](#) and [scammers](#) to Russian self-denial in [Vranyo Lullaby](#). And finally a new song about [Finn the Giant – it's been 200 years!](#) One of the tracks is in [Esperanto](#) and is about Olof's first electric guitar. And there's also a [half-French](#) personal revolution-text, otherwise mostly in English. Album [coverart](#) and [booklet](#) by [Petter Lönegård](#).

A documentary film by **Heimo Åback** from the recordings is up on [Youtube](#) as are four videos! Follow it all at [THE MEN . SE](#)

**THE MEN** was something of a supergroup when they started with **Sven** from The Sinners, **Ola** from The Girls, **Olof** from Varanteatern/ Colubrids and in 2017 **Mattias** from Liberator. They have so far released 6 full-length albums and a live EP from The Cavern Club in Liverpool. THE MEN started in Lund in 2000 and have played live in Great Britain, Spain, Germany, Denmark, Australia and in Sweden and performed on national TV and radio. Their music can be heard in several American TV series.
